

Product name: **Liquid base none flavoured**

Date of issue: 31 March 2017

Print date: 03 April 2017

1. Identification of the substance/mixture and of the company

Identification of the product:

Product name: **Liquid base none flavoured,**

REACH
Registration
Number

A registration number for this substance is not available as the substance or its use are exempted from registration according to Article 2 REACH Regulation (EC) No 1907/2008, the annual tonnage does not require a registration or the registration is envisaged for a later registration deadline.

Relevant identified uses: Raw material for use with electric cigarettes after refinement

Manufacturer/supplier identification:

Company: **my-eLiquid – Steiner & Steiner GbR**
Kistlerhofstr 70,
D-81379 München, Tel: +49-89-8563839-0 , Fax: +49-89-8563839-2
e-mail: info@my-eliqid.de
Contact for information: Telephone: +49-89-8563839-0 , Telefax: +49-89-8563839-2
Emergency call: +49-89-19240 Giftnotruf München

2. Hazards Identification

Classification of the preparation:

Regulation (EC) No 1272/2008

This preparation is not classified as dangerous according to European Union legislation

Label elements:

Labelling (REGULATION (EC) No 1272/2008

Not a dangerous substance according to GHS

Other hazards:

No information available

3. Composition / information on ingredients

Liquid base none flavoured

1,2 Propanediol

EG-No.: 200-338-0; CAS-No.: 57-55-6

content: 50-60%

Classification Regulation (EC) No 1272/2008

none

Glycerol

EG-No.: 200-289-5; CAS-No.: 56-81-5

content: 30-40%

Classification Regulation (EC) No 1272/2008

none

Product name: **Liquid base none flavoured**

Date of issue: 31 March 2017

Print date: 03 April 2017

4. First aid measures

4.1 Description of first aid measures

After inhalation: fresh air. Consult doctor if feeling unwell.
After skin contact: wash off with plenty of water. Remove contaminated clothing.
After eye contact: rinse out with plenty of water with the eyelid held wide open. Consult eye doctor
After swallowing: if victim is still conscious, make him drink plenty of water, Consult doctor.

4.2 Most important symptoms and effects, both acute and delayed

No information available

4.3 Indication of any immediate medical attention and special treatment needed

No information available

5. Fire-fighting measures

5.1 Extinguishing media:

Suitable extinguishing media:
CO₂, water, foam, powder

5.2 Special hazards arising from the substance or mixture

Development of hazardous combustion gases and vapours (carbonmonoxide, carbondioxide) possible in the event of fire

5.3 Advice for fire-fighters

In the event of fire, wear self-contained breathing apparatus

Further information

Remove container from danger zone and cool with water

6. Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

do not breathe vapors / aerosols.
wear protective clothing

6.2 Environmental precautions

Do not empty into drains.

6.3 Methods and material for containment and cleaning up

Take up with liquid-absorbent material. Forward for disposal. Clean up affected area

7. Handling and storage

7.1 Precautions for safe handling

Observe label precautions

7.2 Conditions for safe storage, including any incompatibilities

Keep container away from sources of ignition
Tightly closed at a cool dark and dry place. (15-20°C)

7.3 Specific end uses:

Apart from the uses mentioned in section 1.2 no other specific uses are stipulated

Product name: **Liquid base none flavoured**

Date of issue: 31 March 2017

Print date: 03 April 2017

8. Exposure controls / personal protection

8.1 Control parameters

Glycerol	Germany (TRGS 900)	DNEL 56mg/m ³
	USA (OSHA)	15 mg/m ³ inhalable dust, 5 mg/m ³ respirable dust

8.2 Exposure controls

Protective clothing should be selected specifically for the working place, depending on concentration and quantity of the hazardous substances handled. The resistance of the protective clothing to chemicals should be ascertained with the respective supplier

Respiratory protection: required when dusts are generated
Filter A-(P2) (EN 141)

Eye protection: required (EN 166)

Hand protection: in full contact:
Glove material: nitrile rubber
Layer thickness: 0,11 mm
Breakthrough time: > 480 min

in splash contact:
Glove material: nitrile rubber
Layer thickness: 0,11 mm
Breakthrough time: > 480 min

The protective gloves to be used must comply with the specifications of EC directive 89/686/EEC and the resultant standard EN 374

Additional reference:

The data are based on own examinations, literature data and information from glove manufacturers or are derived by analogy reasoning from similar materials.

It is to be noted that the daily life of a chemical protection glove can be clearly shorter in practice because of the many factors of influence (e.g. temperature, stretch etc.) than the permeation time determined after EN 374.

Industrial hygiene:

Change contaminated clothing. Wash hands and face after working with substance. .

9. Physical and chemical properties

9.1 Information on basic physical and chemical properties

Physical state:	liquid
colour:	colourless
odour:	none
Boiling point:	100°C
Flashpoint:	190°C
Ignition temperature:	not detected
Vapour pressure:	20°C not detected
Density	: 20°C 1,04 g/cm ³
Water solubility	20°C miscible in all proportions
pH-Value	20°C 6-8

Product name: **Liquid base none flavoured**

Date of issue: **31 March 2017**

Print date: **03 April 2017**

10. Stability and reactivity

10.1 Reactivity

Dusts may form explosive mixture with air

10.2 Chemical stability

Stable under standard ambient conditions (room temperature)

10.3 Possibility of hazardous reactions

Increased reactivity with oxidizing agents, Acid anhydrides, acid chlorides

10.4 Conditions to avoid:

Strong heating

10.5 Incompatible materials:

Different plastic material

10.6 Hazardous decomposition products:

no information available

11. Toxicological information

11.1 Information on toxicological effects

1,2 Propandiol:

LD₅₀ (oral, rat) 19400-36000 mg/kg

LD₅₀ (dermal, rabbit) 20800 mg/kg

Glycerol:

LD₅₀ (oral, rat) 12600 mg/kg (TOXNET)

LD₅₀ (dermal, rabbit) > 10000 mg/kg (TOXNET)

After eye contact: slight irritations

After swallowing of large amounts: nausea, emesis

Sensitisation:

No sensitisation known.

CMR-effects:

CMR-effects not known.

11.2 Further information:

Handle in accordance with good industrial hygiene and safety practice

12. Ecological information

12.1 Toxicity:

For this product no quantitative data available

12.2 Persistence and degradability

For this product no quantitative data available

12.3 Bioaccumulative potential

Bioaccumulation is not expected

12.4 Mobility in soil

No information available

12.5 Results of PBT and vPvB assessment

PBT- / vPvB assessment not available as chemical safety assessment not required.

12.6 Other adverse effects:

No ecological problems are to be expected when the product is handled and used with due care and attention.

Product name: **Liquid base none flavoured**

Date of issue: 31 March 2017

Print date: 03 April 2017

13. Disposal considerations

Waste treatment methods

Waste material must be disposed of in accordance with the Directive on waste 2008/98/EC as well as other national and local regulations.

Leave chemicals in original containers. No mixing with other waste. Handle uncleaned containers like the product itself.

14. Transport information

Not a subject to transport regulations

The transport regulations are cited according to international regulations and in form applicable in Germany. Possible national deviations in other countries are not considered

15. Regulatory information

EU regulations

Occupational restrictions: Take note of Dir 94/33/EC on the protection of young people at work.

National regulations:

-

16. Other information

Full text of H-statements referred to under section 2 and 3 :

-

Training advice:

Provide adequate information, instruction and training for operators.

Legend to abbreviations and acronymes used in the safety data sheet:

Used abbreviations and acronymes can be looked up at www.wikipedia.org

The information contained herein is based on the present state of our knowledge.

It characterizes the product with regard to the appropriate safety precautions. It does not represent a guarantee of any properties of the product.
